Product Description

Product Description:

The Dual Screen feature allows you to multitask efficiently, making it perfect for professionals who need to work on multiple applications at the same time.

The IPS Panel Type provides excellent color accuracy, making it perfect for graphic designers and photographers. Its Visual Angle of 178 Degrees ensures that you can view your screen from any angle without any color distortion. This Portable Computer Display is also perfect for movie or TV show marathons, with its crisp and clear display that provides an immersive viewing experience. The Portable Computer Display can be easily connected through USB-C or Mini HDMI, ensuring that you can connect it to almost any device. This feature makes it perfect for those who work with laptops, desktop computers, smartphones, or gaming consoles. The Power Supply is also through USB-C, making it easy to charge and set up.

In summary, the Portable Computer Display is a must-have for those who need an extra screen on the go. With its Dual Screen feature, IPS Panel Type, Visual Angle, Connectivity, and Power Supply, it is perfect for professionals, gamers, or anyone who needs a compact and lightweight display. Get yours now and experience the convenience and functionality of having an extra screen wherever you go.

Features:

Product Name: Portable Monitor Dual Screen

Resolution: 1920x1200

Refresh Rate: 60Hz
