- Connectivity: USB-C, Mini HDMI
- Refresh Rate: 60Hz
- Aspect Ratio: 16:9
- Weight: 1250g
- Brightness: 280-300cd/m2
- Visual Angle: 178 Degree
- Resolution: 1920x1080
- Model: Touch Screen
- Highlight: Windows Compatible Portable Monitor Screen, 1920x1080 Portable Monitor Screen, Lightweight Portable Monitor Screen

Product Description:

With a response time of 20ms, this Touch Screen model provides a smooth and responsive touch experience that is perfect for designers, artists, and other creatives who need accurate and precise control over their work. Additionally, the 178-degree visual angle ensures that you can view the monitor from almost any angle without any loss of image quality.

The Portable Monitor Dual Screen is powered by USB-C, making it easy to connect to your laptop or other devices. This feature also makes it a great option for those who are always on the go and need a portable monitor that they can easily connect to their laptop or tablet while they travel.

Another great feature of this Portable LDC Screen Monitor is its compatibility with both Windows and Mac operating systems. This means that no matter what kind of computer you have, you can easily connect this monitor and start using it right away.

In summary, the Portable Monitor Dual Screen product is a great option for anyone who needs an External Dual Monitor Screen that is both portable and easy to use. With its responsive touch screen, wide visual angle, USB-C power supply, and compatibility with Windows and Mac operating systems, this monitor is a versatile and reliable tool that can help enhance your productivity and make your work easier and more enjoyable.
