, 15.6 Inch Portable Monitor Screen

Product Description

Product Description:

The monitor features a USB-C and Mini HDMI connectivity, making it compatible with a wide range of devices such as laptops, smartphones, and gaming consoles. It is designed to work efficiently with both Windows and Mac operating systems, providing you with a seamless user experience.

The Portable Monitor Dual Screen boasts a stunning 1920x1080 resolution, which ensures that you get a crystal-clear image display. Whether you are working on a presentation, streaming videos, or playing games, this monitor delivers excellent visual quality.

The IPS panel technology used in this monitor ensures that you get an accurate and consistent color display, regardless of the viewing angle. This feature makes it an excellent choice for individuals who require color accuracy and consistency in their work, such as graphic designers and photographers.

With a refresh rate of 60Hz, you can enjoy smooth and fluid motion on the screen, which is essential when playing games or watching videos. The monitor's high refresh rate ensures that you get a seamless viewing experience without any lag or screen tearing.

In conclusion, the Portable Monitor Dual Screen is an excellent addition to your tech collection. Its compact size, compatibility with a wide range of devices, and stunning visual display make it a must-have for individuals who require an external portable screen display. Whether you are working on a project, watching a movie, or playing games, this monitor is the perfect companion to enhance your viewing experience.

Features:

Product Name: Portable Monitor Dual Screen

Weight: 1250g

Size: 15.6 Inch

Compatibility: Windows, Mac

Resolution: 1920x1080

Brightness: 280-300cd/m2

Keywords: Dual Screen Laptop Monitor, External Dual Monitor Screen, Portable LDC Screen Monitor

Technical Parameters:

Model	Portable Monitor Dual Screen
Connectivity	USB-C, Mini HDMI
Resolution	1920x1080
