Product Description

Product Description:

The display's brightness ranges from 280-300cd/m2, making it perfect for use in a variety of lighting situations. Whether you're working outside on a sunny day or in a dimly lit coffee shop, this monitor will provide clear and crisp images that are easy to see.

The contrast ratio of this monitor is 1200:1, which means that it can display deep blacks and bright whites with ease. This makes it perfect for editing photos or videos, as well as for gaming or watching movies on the go.

The Portable Monitor Dual Screen is designed to be lightweight and portable, weighing only 16000g. This makes it easy to carry with you wherever you go, whether you're traveling for work or simply need an extra monitor for your home office setup.

Overall, the Portable Computer Display Dual Screen is a must-have for anyone who needs an External Dual Monitor Screen that is both portable and versatile. With its bright and clear display, deep contrast ratio, and lightweight design, this External Portable Screen Display is perfect for anyone who needs to work on the go.
