- Compatibility: Windows, Mac
- Refresh Rate: 60Hz
- Highlight: **Mini HDMI Portable Monitor Dual Screen, 60Hz Portable Monitor Dual Screen**

15.6inch FHD Dual Foldable Portable Monitor

Just one USB-C cable for
Triple-Screen Sharing

Product Description

Product Description:

The Portable Monitor Dual Screen boasts an impressive IPS panel type, delivering stunning visuals with accurate color reproduction and wider viewing angles compared to traditional TN panels. Its 1920x1080 resolution ensures crisp and clear images, making it an excellent choice for productivity tasks and multimedia consumption.

With a brightness range of 280-300cd/m2, this Portable Monitor Dual Screen is bright enough to use in most lighting conditions. Whether you're working outside or in a dimly lit room, you can count on this external portable screen display to provide clear and vivid images.

This Portable Monitor Dual Screen has a refresh rate of 60Hz, making it suitable for general use and entertainment purposes. You can enjoy smooth video playback, fast-paced gaming, and responsive scrolling with ease.

Compatibility is not an issue with this External Portable Screen Display. Whether you're using a Windows or Mac device, this Portable Monitor Dual Screen can be easily connected to your laptop or desktop through its mini HDMI or USB-C ports.

In conclusion, if you're in need of an additional screen while on the go, the Portable Monitor Dual Screen is an excellent choice. Its IPS panel type, 1920x1080 resolution, brightness range, refresh rate, and compatibility make it a versatile and reliable External Portable Screen Display. Get yours today and enhance your productivity and entertainment experience wherever you go!
