

## IPS Panel Type Portable Computer Display With Mini HDMI Connectivity

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: GreatCQ
- Certification: CE, FCC, RoHS
- Model Number: Z1506-D07
- Minimum Order Quantity: 1
- Price: NA
- Packaging Details: Carton box
- Delivery Time: 5-8 working days
- Payment Terms: T/T, AliPay, PayPal
- Supply Ability: 1000 pcs/day

#### Product Specification

- Size: 15.6 Inch
- Contrast Ratio: 1200:1
- Resolution: 1920x1080
- Weight: 16000g
- Connectivity: USB-C, Mini HDMI
- Refresh Rate: 60Hz
- Aspect Ratio: 16:9
- Panel Type: IPS
- Highlight: IPS Panel Portable Computer Display,  
Mini HDMI Portable Computer Display,  
best portable computer display

## Product Description

### Product Description:

One of the main features of this product is the 1920x1080 resolution that provides high-quality images and sharp colors. The IPS panel type ensures that the colors remain consistent, even when viewed from different angles. This feature is essential for those who need to work with photos or videos and need accurate colors.

The Portable Monitor Dual Screen is compatible with both Windows and Mac operating systems, making it an excellent choice for users who have different devices. The monitor can be connected to a laptop or desktop computer using an HDMI or USB-C cable. It is also compatible with smartphones and gaming consoles, making it a versatile product that can be used for different purposes.

The model of this product is Portable Monitor, which means that it is designed to be carried around easily. The monitor is lightweight and thin, making it easy to pack in a bag or a briefcase. This feature is especially useful for those who need to work on the go or travel frequently. The monitor also comes with a protective case that keeps it safe during transportation.

Another important feature of the Portable Monitor Dual Screen is the 20ms response time. This means that the monitor is quick to respond to changes in the image, making it ideal for gaming and other fast-paced activities. The monitor also has a refresh rate of 60Hz, which ensures that the images are smooth and free of any lag.

In conclusion, the Portable Monitor Dual Screen is an excellent product for those who need an external portable screen display that can be used as an external dual monitor screen. The product's high resolution, IPS panel type, and compatibility with different devices make it an ideal choice for users who need a bigger screen for their work or entertainment. The product's lightweight and thin design, protective case, and quick response time make it a must-have for those who are always on the go.
