

Lightweight Industrial Computer with Aluminum Chassis About 10 Kg 8025 9025 Cooling Fan

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GREATCQ
- Model Number: ZK-1732-07 Base Version
- Minimum Order Quantity: 1
- Price: ≥ 10 pcs: 535\$; 1-9 pcs: 595\$
- Packaging Details: Carton
- Delivery Time: 5-8 working days
- Payment Terms: T/T, AliPay, PayPal

GREATCQ

PCIe x 7PCS

Product Specification

- Processor: Intel I5,i7,i9
- HDD: 3 Pcs 2.5inch, 1 Pcs 3.5inch
- Construction: Aluminum Chassis
- Working Conditions: 0-45 Industrial Condition
- Weight: About 10 Kg
- Screen: 17.3 Inch
- Motherboard: ITX/MATX/ATX/EATX
- Resolution: 1920x1080P
- Highlight: **Lightweight Industrial Computer, Aluminum Chassis Industrial Computer, industrial computer manufacturers**

GREATCQ

Product Description

Product Description:

The Desktop Computer features a durable aluminum chassis construction that can withstand harsh environments, making it an ideal solution for industrial settings. With a weight of approximately 10 Kg, it is both portable and sturdy, making it easy to move around and set up in different locations.

The Desktop Computer is equipped with a powerful Intel I5, i7, or i9 processor, depending on the user's needs. This processor delivers fast and efficient performance, making it ideal for demanding industrial applications that require high processing power.

In addition, the Desktop Computer comes with multiple HDD slots, including three 2.5 inch and one 3.5 inch, providing ample storage space for data and files. This feature is especially useful for industrial applications that require large amounts of data storage.

Overall, our Desktop Computer is a versatile and reliable solution for industrial applications that require high-performance computing power. With its durable construction, high-resolution display, and powerful processor, it is sure to meet the needs of any business or organization.

The advertisement features a black industrial computer with a laptop screen and keyboard, mounted on a wooden workbench. The computer has a handle on top and a carrying case. The background is a blue gradient with a faint 'P' logo. The text 'Smart Industrial Computer' is prominently displayed in white. Below it, three features are listed with icons: 'Portable, Safe and Stable', 'PCIe Slot x 7pcs', and 'Support ATX Motherboard & Power'. At the bottom, a black banner contains the text 'Subvert the traditional concept. A workbench that moves at any time'.

Smart Industrial Computer

-  **Portable, Safe and Stable**
-  **PCIe Slot x 7pcs**
-  **Support ATX Motherboard & Power**

**Subvert the traditional concept.
A workbench that moves at any time**

Intergrated Design

Keyboard, Touchpad

Metal Shell All-Round Rubber Mold Protection

Shockproof
Compressive

High and low
temperature resistance

Dustproof and
waterproof

- All-metal magnesium-aluminum alloy material
- Rubber corner protection

Features:

Product Name: All-In One Industrial PC
HDD: 3 Pcs 2.5inch, 1 Pcs 3.5inch
Memory: Up To 64GB*4 DDR4
Graphics: Supports 1050-4070 Graphics Cards
Radiator: The Total Height Is Less Than 150mm
Construction: Aluminum Chassis

Size

Standard Configuration

- | |
|-----------------------------|
| 1. Pure aluminum alloy case |
| 2. 17.3" 1080P LCD screen |
| 3. Cooling fan |
| 4. LCD driver board |
| 5. PC keyboard/touch mouse |

Micro design, mobile live streaming

**Compact design for workstations
in a variety of environments**

Flight case (Optional)

Technical Parameters:

Screen	17.3 Inch
Radiator	The Total Height Is Less Than 150mm
Processor	Intel i5,i7,i9
HDD	3 Pcs 2.5inch, 1 Pcs 3.5inch
Memory	Up To 64GB*4 DDR4
Size	L47 X W37 X H20CM
Motherboard	ITX/MATX/ATX/EATX
Working Conditions	0-45 Industrial Condition
Construction	Aluminum Chassis
Cooling Fan	8025 & 9025

Applications:

This industrial PC is ideal for use in a variety of applications. It can be used as a control system for manufacturing processes, as a data logging system for scientific research, or as a server for managing large amounts of data. With its ITX/MATX/ATX/EATX motherboard, this industrial PC is highly customizable and can be tailored to meet the specific needs of any business.

The GREATCQ ZK-1732-04 Base Version Industrial PC is built to meet the demands of industrial environments. Its rugged aluminum chassis and 0-45 working conditions make it ideal for use in factories, warehouses, and other industrial settings. With a size of L47 X W37 X H20CM, this industrial PC is compact enough to fit into tight spaces, yet large enough to accommodate a variety of components. The resolution of this industrial PC is 1920x1080P, which makes it perfect for use with high-definition displays. It can be used to control video walls, display manufacturing processes, or provide real-time data to operators. With its powerful CPU and customizable motherboard, this industrial PC is capable of handling even the most demanding applications.

Whether you're looking for a control system for your manufacturing processes or a server for managing large amounts of data, the GREATCQ ZK-1732-04 Base Version Industrial PC is an excellent choice. With its rugged construction, customizable motherboard, and high-quality components, this industrial PC is sure to meet your needs. It comes packaged in a sturdy carton and can be delivered in just 5-8 working days. Payment can be made via T/T, AliPay, or PayPal.
