Basic Information

- Place of Origin: China
- Brand Name: GREATCQ
- Model Number: ZK-1732-04 Base Version
- Minimum Order Quantity: 1
- Price: ≥ 10 pcs: 535\$; 1-9 pcs: 595\$
- Packaging Details: Carton
- Delivery Time: 5-8 working days
- Payment Terms: T/T, AliPay, PayPal

GREATCQ

Flight Case(Optional)

Product Specification

- Processor: Intel I5,i7,i9
- Screen: 17.3 Inch
- HDD: 3 Pcs 2.5inch, 1 Pcs 3.5inch
- Size: L47 X W37 X H20CM
- Working Conditions: 0-45 Industrial Condition
- Motherboard: ITX/MATX/ATX/EATX
- Construction: Aluminum Chassis
- Memory: Up To 64GB*4 DDR4
- Highlight: **10 Kg Desktop Computer ,
Desktop Computer with Radiator,
Intel I5 Processor Desktop Computer**

GREATCQ

Product Description

Product Description:

With 3 Pcs 2.5inch and 1 Pcs 3.5inch HDD, you can store all your critical data and applications with ease. The L47 X W37 X H20CM size makes this computer compact enough to fit into tight spaces without compromising on performance.

One of the standout features of this Industrial PC is its radiator. The total height is less than 150mm, making it ideal for use in environments where space is at a premium. With a 17.3-inch screen, you can view all your data and applications with clarity and precision.

This Desktop Computer supports up to 64GB*4 DDR4 memory, which means you can run multiple applications simultaneously without any lag or delay. This feature makes it the perfect choice for heavy-duty computing tasks such as data analysis, video editing, and rendering.

Our Industrial PC is built to last, with high-quality components that ensure optimal performance and longevity. Whether you need a reliable computer for your industrial operations, or you're looking for a powerful desktop computer for your office, this product is the perfect choice.

The advertisement features a black industrial computer with a 17.3-inch screen, shown in a laptop configuration on a wooden surface. The screen displays a landscape image. The device has a carrying handle on top and various ports on the side. The background is a dark blue gradient with a faint tree branch at the top.

GREATCQ

Smart Industrial Computer

-  PCIe Slot x 7pcs
-  CPU: Core i5/i7/i9, 6-12 gen
-  GPU: Support RTX 1050-4070
-  Motherboard: ITX/MATX/ATX/EATX

Features:

Product Name: Industrial Computer -----
Working Conditions: 0-45 Industrial Condition
Cooling Fan: 8025 & 9025
Memory: Up To 64GB*4 DDR4
HDD: 3 Pcs 2.5inch, 1 Pcs 3.5inch
Screen: 17.3 Inch
Type: Desktop Computer, Industrial PC, All In One Industrial PC

Metal Shell

All-Round Rubber Mold Protection

- All-metal magnesium-aluminum alloy material
- Rubber corner protection

Technical Parameters:

Product Attribute	Description
Screen	17.3 Inch
Motherboard	ITX/MATX/ATX/EATX
Memory	Up To 64GB*4 DDR4
Processor	Intel I5,i7,i9
Cooling Fan	8025 & 9025
Construction	Aluminum Chassis
Working Conditions	0-45 Industrial Condition
Resolution	1920x1080P
Weight	About 10 Kg
HDD	3 Pcs 2.5inch, 1 Pcs 3.5inch

GREATCQ

Size

Micro design, mobile live streaming

Compact design for workstations
in a variety of environments

Flight case (Optional)

Standard Configuration

- | |
|-----------------------------|
| 1. Pure aluminum alloy case |
| 2. 17.3" 1080P LCD screen |
| 3. Cooling fan |
| 4. LCD driver board |
| 5. PC keyboard/touch mouse |

Applications:

With a minimum order quantity of 1, you can easily acquire this Industrial PC for your business or personal use. Its packaging details include a carton, ensuring that your product arrives safely and in good condition. Estimated delivery time for this product is 5-8 working days, and you can choose from various payment options such as T/T, AliPay, and PayPal.

The GREATCQ ZK-1732-04 Base Version is equipped with 3 pieces of 2.5-inch HDD and 1 piece of 3.5-inch HDD, giving you ample storage space for your data and files. It also has cooling fans of 8025 and 9025, ensuring proper ventilation and preventing overheating. This Industrial PC features the Intel I5, i7, i9 processor, providing you with excellent computing power and speed for your various tasks and applications. Additionally, the radiator's total height is less than 150mm, making it easy to integrate into various industrial scenarios and environments.

So, what are some of the product application occasions and scenarios where the GREATCQ ZK-1732-04 Base Version can be used? Here are a few examples:

Industrial automation systems

Manufacturing and production processes

Transportation and logistics management

Energy and utility management systems

Surveillance and security systems

Healthcare and medical equipment control systems

As you can see, the GREATCQ ZK-1732-04 Base Version is a versatile Industrial PC that can be used in various industrial settings and scenarios. Its durability, efficiency, and processing power make it an excellent choice for anyone looking for a reliable and efficient computing solution.
