Product Specification

- Refresh Rate: 60Hz
- Aspect Ratio: 16:9
- Product Name: IPS Panel Type Portable Computer Display With Mini HDMI Connectivity
- Size: 15.6 Inch
- Weight: 16000g

Product Description:

The Portable Monitor Dual Screen is a versatile and convenient solution for users looking to enhance their productivity and multitasking capabilities. With a refresh rate of 60Hz, this portable display ensures a smooth and seamless viewing experience, whether you are working on spreadsheets, designing graphics, or streaming videos. Featuring an IPS panel type, the Portable Monitor Dual Screen delivers vibrant colors, wide viewing angles, and excellent color accuracy. This makes it ideal for professionals who require precise color reproduction for their work, such as graphic designers, photographers, and video editors.

One of the standout features of this product is its compatibility with both Windows and Mac operating systems. Whether you are using a laptop, desktop, or even a tablet, you can easily connect the Portable Monitor Dual Screen as an external screen secondary display. This allows you to extend your workspace, mirror your primary screen, or set up a dedicated secondary screen for specific tasks. The model number of this Portable Monitor Dual Screen is Z1506-D03, making it easy to identify and reference for troubleshooting or additional purchases. With a size of 15.6 inches, this portable display strikes the perfect balance between screen real estate and portability, making it suitable for both home and office use.

Whether you are a professional working on complex projects that require multiple windows and applications to be open simultaneously, a student looking to improve your study efficiency with dual-screen setups, or a gamer seeking a more immersive gaming experience, the Portable Monitor Dual Screen is designed to meet your needs. Transform your workflow and elevate your entertainment experience with the Portable Monitor Dual Screen. Enhance your productivity by multitasking more effectively, enjoy immersive multimedia content with vibrant colors and sharp details, and streamline your daily tasks with the convenience of a secondary screen display.

Resolution	1920x1080

Applications:

GreatCQ Z1506-D03 Portable Monitor Dual Screen is a versatile and convenient solution for various application occasions and scenarios. With its portable design and dual-screen functionality, this product is perfect for enhancing productivity and entertainment on the go. One of the key application scenarios for the GreatCQ Z1506-D03 Portable Monitor Dual Screen is in business settings. Professionals who need to work on multiple screens simultaneously can benefit from the dual-screen setup, allowing for increased efficiency and multitasking. Whether it's for presentations, data analysis, or content creation, this portable display dual screen provides a flexible and portable solution.

Another popular use case for this product is in gaming and entertainment. Gamers can enjoy a more immersive gaming experience with dual screens, while movie enthusiasts can create a mini home theater setup with the foldable display dual screen. The external monitor dual screen function enables users to extend their display for a more engaging and enjoyable viewing experience.

GreatCQ Z1506-D03 Portable Monitor Dual Screen is also suitable for educational purposes. Students and teachers can benefit from the dual-screen setup for enhanced learning experiences, collaborative projects, and interactive presentations. The portable design makes it easy to carry between classrooms or study spaces.

Whether you are a digital nomad, a content creator, a gamer, or a student, the GreatCQ Z1506-D03 Portable Monitor Dual Screen is a versatile and practical solution for your dual-screen needs. With its 15.6-inch size, this portable monitor dual screen offers a perfect balance between portability and screen real estate.
